EDUCATION

2019 - Present

Chiang Mai University

Information System and Network Engineering
Cumulative GPA 3.42

2016 - 2017

Cedarburg High School, WI , USA

AFS Exchange Student

LANGUAGES

Native
Thai

Fluent
English

Basic
Japanese

Soft Skills

Self-awareness, Self-driven
A team player,
Love to learn,
Work under pressure,
Understanding,

Interests

Self-improvement ,
Books , Camping

SKILLS

Programming Languages

JavaScript (~1y) , Solidity , CSS , HTML ,
Kotlin (~1m), Python (~1m)

Frameworks

React.js , Next.js , Node.js , Django , Android Studio
Git , Netlify , Vercel , Gitlab , Sourcetree , Jira

Design

Figma , Procreate , Prototyping , Wireframing

EXPERIENCES

June 2022 - Present

Intern - Frontend @Accenture SEA, Bangkok, Thailand

>> Learned Kotlin and Java for Android development, Learned Git branching strategy, Learned reading specifications from application designer

1 April - 30 May 2022

Intern - Frontend @SCB Tech X, Bangkok, Thailand

>> Designed tabs, components, etc. inside web portal using Figma
>> React.js and JavaScript development according to the design
>> Experienced with Redux Tool Kit, add logic for inputs once call the endpoint

PROJECTS

Nov 2021 - Present

Daycare for family & elders @Senior project - Ongoing

>> [Designed a platform](#) to help find care centers for elders when family is not around and [management dashboard](#) for daycare owners
>> Designed on Figma Built with Next.js, Tailwind, Firebase, deploy on vercel

6 Dec 2021

Discord Quiz Bot @IT Quiz , on Discord

>> Built a Discord [bot for helping with learning](#) Information Technology
>> Developed with Python on Django API framework, deploy on Heroku

Nov 2021

Learn Dapps @Ethereum and Solidity: The Complete Developer's Guide

>> Developed Smart Contracts , Lottery , Campaign Kickstart
>> Developed with Next.js React Framework and deploy Daap with Ethereum

Aug - Oct 2021

Designer @Software Engineering course

>> [Designed User Interface](#) of a daily challenge Web Application
>> [daily-poisson.vercel.app](#)
>> Designed, wireframing, and prototyping with Figma

Dec 2020 - Apr 2021

Developer @Fundamentals of Database systems course

>> Developed E-commerce Web Application
>> Designed, and developed CRUD application with JavaScript, PHP

COMPLETION

5 Nov 2021

CompTIA Network+ (N10-008) Full Course & Practice Exam

1 Dec 2021

CCSK V4.1 FOUNDATION TRAINING @Cloud Security Alliance

Jan 2022

HCIA - Cloud Service @Huawei
